WORK EXPERIENCE

Assistant Tutor at Stelton Community Center - Edison Recreation Dept., NJ
Oct'10 - current

- Leading a class in Mystery Minds and Brainy Games
- Guiding and motivating students to use art techniques, and thinking strategically in solving puzzles and detective games
- Assisting main tutor in teaching students visualize and draw 2D drawings such as perspective drawing, paintings, murals and sketching.
- Helping students do 3D art works such as clay modeling, popsicle sticks and stamps.

ACADEMIC/ CO-CURRICULAR PROJECTS

- Architected a Health Clinic using Google Sketch-Up and Revit Architecture as part of the ACE Mentor Program presented to firms at NJIT
- Designed a Lock and made a 3D model using Ren Stone material.
- Made a model of a Toaster using foam material.
- Drew in Perspective a room, desk clock, driller, and cubes.

ACHIEVEMENTS/ AWARDS

- Displayed Art work in Stelton Community Center 2008, 2009, & 2010
